*RSS Feed Unit Price: HTML Formated Feeds are charged per hit. Overage charges are \$0.05 a hit, and will be billed directly to the client. **The client is responsible for tracking their own hits and notifying SonicSpider if they want to move to the next level.**

*Set Up Fee: Set up fee includes inserting a custom header that the client provides and basic color changes. One link back to main website. All additional customizations will be billed at our hourly rate of \$100.00.

Payment Policy: Credit Card Auto Billing

Training: SonicSpider provides free printed or online training. Additional consultations and support is subject to our hourly rate. Free Tips are often posted on our main blog and other online resources are made available.

HTML Formated Feeds: The placement and custom formating of RSS Feeds by SonicSpider on the clients site or other sites is considered an additional service and will be billed accordingly.
